Someone to Love

Gratitude

Lately I'm ashamed to say I'm starving for it
But I want someone to love
You may think you're to blame
But oh I'm so proud of you
And I want someone to love
Yeah I want somebody loveTake it easy on yourself
Just know that you're enough
I just need to know that
I want somebody love
Yeah I want somebody to loveThe thought of it just all of it
We wanted it maybe too much
But better than
To never have tried and failed again
Oh I want somebody love
Yeah I want somebody to love
I want somebodyTake it easy on yourself
Just know that you're enough
You'll find it
I want somebody to love
I want somebody
I want somebody to love
Yeah I want somebody to love
I want somebody to loveLately I'm amazed
That I found someone to love
That I found someone tooTake it easy on yourself
Take it easy on yourself
And you'll find some one soon
Take it easy on yourselfI want somebody to love
I want somebody to love
I want somebody to love
I want somebody to love
I want somebody to love
I want somebody to love
