

Pale People

[Maria Mena](#)

I know it's time for me to grow up
I know my head's somewhere else but give me a break
I've never done this before
And somewhere in between I'm feeling lonely
You wouldn't have a friend that I could borrow?
'cause I know there's a lot of nothing around here I know it's been a while I should have called you
I know that you fit in but I'm not you
And somewhere in the middle I'll go crazy
Do you know somebody who cares?
'cause I know there's a lot of nothing around here Hey, hey you
I'm surrounded by pale people
Hey, hey you
I think I'm fading too.. I know there's got to be a way to make them get me
I know sometimes I don't get myself at all
And someplace on the sun there is a black spot
Do you know the weatherman too?
'cause I know there's a lot of nothing around here Hey, hey you
I'm surrounded by pale people
Hey, hey you
I think I'm fading too.. There you go..
Trying to teach me the lesson you learned
Don't you know, I already tried that
And I got burned.. Hey, hey you
I'm surrounded by pale people
Hey, hey you
I think I'm fading too..
