

# Wake Up Mr. West

Kanye West

I knew I was gonna see ya  
I knew I was gonna see you again!  
I was gonna see you again  
Where's your goddamn book bag at?  
Always carryin' that lil' book bag Nobody wanna see that  
Goddamn fourth grader, sit yo' ass down  
You wanna play it again like he got somethin' else to do  
You ain't got nothin' else to do  
You ain't doin' nothin' with yo' life, nothing with your life What do you think this is?  
You better look at me when I'm talkin' to you!  
You think this is easy don't you?  
You think this is promised Oh, ain't nothin' promised with you  
Look at my face, do I got a promise face?  
Does it look like I promise you anything?  
Kanye! Is you snorin' in my class?  
Wake up Mr. West! Wake up Mr. West! Mr.
