Do You Think Of Me

Misha B

I'll leave the lights on,
In case you come back, in case you come back
I'm playing my old song
God, I believe that, yes I believe that
It's been too long, you now try to stay strong
But you're one life away
do you hear me calling your name, yeah?
Chorus:
Every time the night falls down,
So do you wonder what I'm doing now
Do you think of me?
Oh leave me, let me down
See, I just want to do it now
Do you think of me?
I say oh, oh, and oh, oh
Do think of me oh, oh?
I'm living by the telephone
You never called back
why don't you call back?
I'm... I don't believe that,
why don't you come back?
It's been too long,
and I'll try to stay strong
But you're one life away
do you hear me calling your name, yeah?
Chorus:
Every time the night falls down,

So do you wonder what I'm doing now
Do you think of me?
Oh leave me, let me down
See, I just want to do it now
Do you think of me?
I say oh, oh, and oh, oh
Do think of me oh, oh?
I never told you you're somebody, somebody
somebody, somebody, everybody!
Want you to know that you're my somebody,
somebody, somebody, everybody!

Yeah, do you think of me?
Chorus:
Every time the night falls down,
So do you wonder what I'm doing now
Do you think of me?
Oh leave me, let me down
See, I just want to do it now
Do you think of me?
I say oh, oh, and oh, oh
Do think of me oh, oh?
I never told you you're somebody, somebody
somebody, somebody, everybody!
Want you to know that you're my somebody,
somebody, somebody, everybody!
Yeah, do you think of me?
