All I Had Going Is Gone

[Gary Allan](#)

The day that we met
I'll never forget
Was the luckiest day of my life
She took me so far
And I broke her heart
Now I'm sittin' here
With the simple truth
That tears me apartAll I had goin' is gone
The best I'll ever do
Is over and done
It serves me right
'Cause I did her wrong
Now all I had goin' is goneSometimes a man
Just don't understand
He possesses everything life can bring
He thinks there's more
So he has to explore
Leavin' her alone
Time after time
'Til she walked out my doorAll I had goin' is gone
The best I'll ever do
Is over and done
Well, it serves me right
'Cause I did her wrong
Now all I had goin' is gone
