TramsI will design a town in the image of your face.
Round the wrinkles of your eyes my footsteps you can trace.
We could promenade down infra-nasel depression.
The streets of your hands will never feel a recession.It's a secular day and it will be even better tomorrow.
It's the first day of the integrated transport hub,
Let us celebrate this monumental progress.
We have reduced emissions by 75%Trams

TramsThey say the future of cement is set in stone.
We could proclaim a republic and throw away the throne.
We will likely spaceships. (beep)
By the speed of light the will get (beep)
(Trams)It's a secular day and it will be even better tomorrow.
