

# Party Foul

## Fat Jon

[Verse 1:]In my house  
We dress to impress  
Flip down your collar, man  
You look like a mess  
In my house  
I see you let yourself in  
Got no class, you talk trash  
You're under my skin

[B Verse 1:]Don't try to mess with my girlfriend  
I'm here to call you out  
You try to hit on my girl  
That's what I call a party foul

[Chorus 1:]You just committed your last party foul  
You won't admit it, yeah, you bring the party down

Just bought a ticket, yeah, to get yourself thrown out  
'Cause you submitted your last party foul

[Verse 2:]It's loud in my house  
So don't you dare turn it down  
If you're bustin' up my system  
Then you're bustin' up my crowd  
At my house

You got to know how to move  
And if you can't dance  
Get yourself out of my room

[B Verse 2:]You're talkin' trash to my girlfriend  
Hey man that's not allowed  
You've been infecting my household  
That's your final party foul
