

# Pogo (On The Road To Paris Version)

## Digitalism

Yeah, pogo  
There's something in the air  
There's something in the air  
There's something in the air Now, where has it been?  
I mean, the good old wild days  
Became a bit too lame  
Just take a look at my place It's such a mess  
But I'll be out of this space as soon as you tell me  
Where the night is  
You have to set up Bring it on, forward Yeah, pogo  
There's something in the air, pogo  
There's something in the air, pogo  
There's something in the air It's been quite of a while since I could experience your brightness  
Now, you've got a brighter smile and I think I'm going to like it  
Talking 'bout the better things, you know how to maximize  
Everything around you will become super sized You have to set up  
Away from what matters  
And get it prepared  
Forward Yeah, pogo  
There's something in the air, pogo  
There's something in the air, pogo  
There's something in the air Yeah, pogo  
There's something in the air, pogo  
'Cause I've been dreaming we could be the fire for this night  
Can't stop You have to set up  
We could get so wasted if you would have come  
(Bring it on)  
We could get so wasted if you would have come  
(Forward) We could get so wasted if you would have come  
(Can't stop)  
We could get so wasted if you would have come  
(You have to set up) We could get so wasted if you would have come  
(Bring it on)  
We could get so wasted if you would have come  
(Forward) We could get so wasted if you would have come  
(Can't stop)  
We could get so wasted if you would have come  
(You have to set up)
