

# Biological Speculation

## Funkadelic

We're just a biological speculation  
Sittin' here, vibratin'  
And we don't know what we're vibratin' about And the animal instinct in me  
Makes me wanna defend me  
It makes me want to live when it's time to die Y'all, see my point  
I don't mean to come on strong but I am concerned I believe in God  
Though I know that law and order must prevail  
Oh, if and when the laws of man  
Is not just equal and fair  
Then the laws of nature will come and do her thing Oh, she does not think  
She just rectifies  
She comes and balances the book  
Y'all see my point?  
Y'all see my point? We're just a biological speculation  
Sittin' here, vibratin'  
And we don't know what we're vibratin' about And the animal instinct in me  
It makes me wanna defend me  
It makes me want to live when it's time to die Y'all see my point?  
(Y'all see my point?)  
Some of you, you might not be aware  
That some of us don't eat  
Some of you don't, you don't even care Oh, if and when the system  
Creates hunger and hate  
Then the laws of nature will come and do her thing  
Oh, yes, oh She does not think  
She works by instinct  
Survival is her thing  
Do y'all see my point?  
(Ohh)  
Y'all see my point?
