# Drip Fed Fred

## Madness

We want Freddie for our leader
Freddie is a man of class
We want Freddie for our leader
All stand and raise your champagne glassGentlemen and assassins and ladies of the night
I call upon you this evening in the hope of shedding some light
I can't go into detail or finger unfounded fools
But there are some here amongst us that are not playing to the rulesI've rounded up the lowlife and local CID
Offered a free massage or else the third degree
There is no simple solution in this life we lead
So make things easy for yourself to the baronage concedeWe want Freddie for our leader
Freddie is a man of class
We want Freddie for our leader
All stand and raise your champagne glassPeace shall not prevail in Purley came the stark warning today
From his hospital bed Drip fed Fred vowed he was here to stay
I'll tell you something for nothing (he's claimed) never in all my days
Have I felt so intimidated by the cheap tactics on displayWe want Freddie for our leader
Freddie is a man of class
We want Freddie for our leader
All stand and raise your champagne glassAnd approaching the pulpit the right honourable Reverend GreeneWe are gathered here this evening to pay our due respects
To Drip Fed Fred who late last night fell out of his prison bed
We know the nonce behind it who slipped the night PD
The word is out now without doubt you will answer to meGentlemen and assassins and ladies of the night
I call upon you this evening in the hope of shedding new light
There is a simple solution one called honour amongst thieves
So we'll take pity on your souls and only cap your kneesWe want Freddie for our leader
Freddie is a man of class
We want Freddie for our leader
All stand and raise your champagne glass
All stand and raise your champagne glass
All stand and raise your champagne glass
