

# Judgement Day

## Venom

When dormant eyes burst open  
So we can see the way  
Destiny has spoken  
And there's hell to payThe skeptics light the candles  
For the eternal night  
Blinded faiths are broken  
Ghosts of fathers dieSouls of slaves  
Sold as saved  
Judgement dayLeft betrayed  
Final grave  
Judgement dayThe message burns the answer  
On the bones of the dead  
Without the necromancers  
Hope hangs from a threadThe chaos devastation  
Licks immortal sin  
Mother Earth is now ridden  
Of those who pray to winJudgement daySouls of slaves  
Sold as saved  
Judgement dayIn distant darkened orders  
The Prophets read the signs  
The overlords move over  
To let the blood life shineErasing false deceptions  
An antidote for lies  
Religious rigor mortis  
When man and beast ariseSouls of slaves  
Sold as saved  
Judgement dayLeft betrayed  
Final grave  
Judgement day
