## The Briefs

Advisory - the following lyrics contain explicit language:

I was alone and I was so confused  
But then I found a thing that I could really use  
She was only 1995, so I blew her up  
And watched her come alive In the back of magazines  
They hide behind the core tines  
Every color, every shape and every size  
Delivered just in time, do you make a guarantee? Sex objects, sex objects, sex objects  
They're for pretend It couldn't be any better than this  
The plastic's smooth so I can kiss  
Everyday is just like the first  
I hope I love her, she never frowns It's an easy thing to do  
Remember just the thought you knew  
You know, you rarely share these things  
Love's funny with what it brings  
Sometimes either way she's all mine Sex objects, sex objects, sex objects  
They're for pretend  
Sex objects, sex objects, sex objects  
They're for pretend, oh yeah They tell me that it's wrong  
But I knew that all along  
And yes, it may be strange  
But that don't change the fact  
I'm in love with plastic sex It's an easy thing to do  
Remember just the thought you knew  
You see, you rarely share these things  
Love's funny with what it brings  
Sometimes either way she's all mine Sex objects, sex objects, sex objects  
They're for pretend  
Sex objects, sex objects, sex objects  
They're for pretend Sex objects  
Treats me so nice  
Sex objects  
All day, all night

Sex objects  
Synthetic skin, I fit right in
