I Melt With You

Nouvelle Vague

Moving forward using all my breath
Making love to you was never second best
I saw the world thrashing all around your face
Never really knowing it was always mesh and laceI'll stop the world and melt with you
You've seen the difference and it's getting better all the time
There's nothing you and I won't do
I'll stop the world and melt with youDream of better lives the kind which never hate
Dropped in the state of imaginary grace
I made a pilgrimage to save this human race, yes I did
Never comprehending a race that long gone byI'll stop the world and melt with you
You've seen the difference and it's getting better all the time
There's nothing you and I won't do
I'll stop the world and melt with youFuture's open wide
I'll stop the world and melt with you
You've seen the difference and it's gettin' better all the time
There's nothing you and I won't do, babyI'll stop the world and melt with you, yeah
I'll stop the world and melt with you
I'll stop the world and melt with you, yeah, yeah, yeah
Melt with you baby, yeah
