

Glove of Stone

Kingdom Come

Do you know why I'm cold as ice

Why we don't seem to harmonize

Don't care to talk

Can't even cry

[CHORUS 1]

With a glove of stone

You've got no control

All the words you say

Are nothing but lies

I can handle it once or twice

Being stepped on is part of life

But not by you

Don't even try [CHORUS 2] like [CHORUS 1]

Like a smile in pain

I couldn't reply

Now you wonder what's on my mind

Whether you have been right or wrong

It's up to you

Time to decide [CHORUS 3 like CHORUS 1]

All the words you say

are nothing but lies

CHORUS 4 like CHORUS 1

Like smile in pain

I couldn't reply

Like smile in pain

I couldn't reply

It's your choice to change

If love is your guide
