

Trouble In My Way

[Mahalia Jackson](#)

I used to always wonder why all good fortune, always passed me by
But now I'm glad that don't bother me
Just to know oh He saved my soul , He put my name down on heavenly roll
Trouble Lord , this trouble Lord keep getting in my way oh but that don't bother me
Trouble Lord trouble Lord keep getting in my way that don't bother me
Trouble Lord trouble Lord keep getting in my way that don't bother me
I ooohhhhh know a man who understands and he holds this whole world right in the palm of His hand
Trouble Lord , this trouble Lord keep getting in my way oh but that don't bother me
Now when things get in my way I fall down on my knees and I pray
And I don't let the devil bother me
And all the while, growing in His grace and I know to heaven I'll stay
This trouble this trouble keep getting in my way oh Lord but that don't bother me
Trouble Lord trouble Lord keep getting in my way that don't bother me
OH Trouble Lord trouble Lord keep getting in my way that don't bother me
I ooohhhhh know a man who understands and he holds this whole world right in the palm of His hand
Trouble Lord trouble Lord keep getting in my way that don't bother me
