

# This Is Who I Am

Angela Ammons

So many things I've tried in my life  
    Been so many places  
You could say I know some faces well  
And so many times I've cried in the dark  
With a broken promise tearing me apart  
    Days go by, you're still on my mind  
And I don't know what it is, I think about that time  
    I wish that you were only mine  
This, this is who I am, I hope you understand  
    That this is what I wanna do  
And you, you don't think it's true  
    Could I believe in you?  
So just tell me what you wanna do  
So many times I tried to be strong  
    So many times  
    When people did me wrong  
    If I could change the way  
You feel deep down in your heart  
    You and me  
    We would never be apart  
Days go by, you're still on my mind  
And I do know what it is  
    I think about that time  
    I wish that you were only mine  
And this, this is who I am, I hope you understand  
    That this is what I wanna do  
And you, you don't think it's true  
    Could I believe in you?  
So just tell me what you wanna do  
So many times I tried to be strong  
    So many times  
    When people did me wrong  
    If I could change the way  
You feel deep down in your heart  
    You and me  
    We would never be apart  
You don't know, what you might find  
    Everybody falls sometime  
But you don't have to look around

'Cause I feel  
This is me, who are you  
What am I supposed to do?  
This is me, who are you  
What am I supposed to do?  
This is me, who are you  
What am I supposed to do?  
This is me, who are you  
What am I supposed to do?  
This, this is who I am, I hope you understand  
That this is what I wanna do  
And you, you don't think its true  
Could I believe in you?  
So just tell me what you wanna do  
So many times I tried to be strong  
So many times  
When people did me wrong  
If I could change the way  
You feel deep down in your heart  
You and me  
We would never be apart
