Say aah (aah, aah, aah, aah)
Say aah (aah, aah, aah, aah)
And we don't buy no drinks at the bar
We pop champagne 'cause we got that dough
Let me hear you say aah (aah, aah, aah, aah)
You want me say aah (aah, aah, aah, aah)Pocket full of money (money)
Club don't jump
Til I walk inside the doorway (doorway)
Bottles of that rose
Smellin' like Dolce and Gabbana (Yup!)
Shawty you the baddest and to meet you is an honor (honor)
Lil mama
I got a table waiting
What you think about a convo'
And if you like it baby we could take it to the condo
And if you like the condo
We could move the party to the bedroom
I'mma beat your body like a CongoSince we're in the club for now (for now)
Might as well get another round (round)
Notice there ain't nothing in your cup
So give here baby let me fill it up (fill it up)Go girl,
Its your birthday
Open wide,
Know you thirsty
Say aah (aah, aah, aah, aah)

Say aah (aah, aah, aah, aah)
And we don't buy no drinks at the bar
We pop champagne 'cause we got that dough
Let me hear you say ah (aah, aah, aah, aah)
You want me say aah (aah, aah, aah, aah) Shawty dance like a video vixen
Said her man be on that bullshit pimpin'
Well I retire from the bull like Pippen
Tryin' to get you home or would you be Marge Simpson
Whip out front we could leave like pronto
Maple leaf dash got you feelin' like Toronto
Make your body rise like your puffin on a joint though
Girl that's only if you want though (you ready) But since we're in the club for now (for now)
Might as well get another round
Notice there ain't nothin' in your cup
So get here baby let me fill it up (fill it up) Go girl,
Its your birthday
Open wide,
I know you thirsty
Say aah (aah, aah, aah, aah)
Say aah (aah, aah, aah, aah)
And we don't buy no drinks at the bar
We pop champagne 'cause we got that dough
Let me hear you say aah (aah, aah, aah, aah)
(It's loso, you might be too drunk to know so)
You want me say aah (aah, aah, aah, aah) I make 'em say aah
Just like I'm your doctor
All I prescribe
Is cranberry and vodka
Them I'm tryna kick it
Play a little soccer
And bust a couple off
Blacka blacka
The Henny in ya system
You start drunk texting
And suddenly you miss him
Or even wanna diss him
Then you call your girl like
What the hell you gave me
She like don't blame me
You better do like Jamie
And blame it on the liquor
He works every time
Patron you my nigga
Know its somebody birthday
Well where ya

And I know you thirsty
But don't know where your glass at[Repeat: x2]
Go girl,
It's your birthday
Open wide,
I know your thirsty
Say aah (aah, aah, aah, aah)
Say aah (aah, aah, aah, aah)
And we don't buy no drinks at the bar
We pop champagne 'cause we got that dough
Let me hear you say aah (aah, aah, aah, aah)
If you want me say aah (aah, aah, aah, aah)
