

Carolyn's Song

This Mortal Coil

I heard that you said
That you feel all alone
Do you think that
They could understand
When they told you go ahead Is it in your head?
Are you upside down?
You drive around feeling sad And I wish you everything I ever said
Do you understand, are you feeling dead?
Are you lost, are you sad?
Did I leave you alone
Do you think that I don't understand
What it's like to feel all alone
