

On & On (chillout Mix)

Inna

Hello,
Do you miss me?
I don't know.
My soul,
Miss you baby,
You don't know!
Right now,
I am dreaming
At no doubt.
Real Love, Real Love?

I need you on and on and on in my life?
I need you on and on and on in my life?
I need you on and on and on in my life?
I need you on and on and on in my life?

You make higher
Cause your my fire
You take my higher
Cause your my fire

I need you on and on and on in my life
On and on and on in my life
I need you on and on and on in my life
On and on and on in my life

I need you on and on and on in my life?
I need you on and on and on in my life?
I need you on and on and on in my life?
I need you on and on and on in my life?
