David

Spoken

oh God let your spirit fall on me,
your perfect peace comes down and amazes me,
it's like a dream or a vision inside of me,
your perfect peace comes down and amazes me,
oh God i want to dance like David,
every time i fall on my face,
i dream of a place so far away,
don't want to hide my face for another day,
everything i do, i want to do it for you,
unlike the others who have fallin' and slipped away,
they've slipped away, move swiftly now, don't fall behind
