

Poor People

Alan Price

(Chorus)

proud to be poor
proud to be what proud to be who
poor people poor people poor people poor people
proud to be poor
proud to be what proud to be who
poor people poor people poor poor poor people

Y'all dont want this, rugged man take no shit
notice you fake y'all just go where the dough is
we do this for the poor people cats that are homeless
my whole clique roll thick roll with strictly broke kids
hopeless, y'all cant even see what the truth is
we aint give two shits ruthless rugged
new shit, you aint think that i can fuck you bitch
you aint think you roll with us you'll be suckin dick
lack politeness like this dont act like
the typical stereotype so whats whiteness
bein grimey greasy thats what bein white is
i got a bitch with a flat ass and i like it
i like big breasts and i like to lick vaginas
and fuckin bitches on dumpsters in the back of diners
everything we do is white trashin' razor blade
to the wrist cos we hate life with a passion

(Chorus)

proud to be poor
proud to be what proud to be who
poor people poor people poor people poor people
proud to be poor
proud to be what proud to be who
poor people poor people poor poor poor people

i like being broke i like bein dirty crusty
proud to be poor i like bein fat n ugly
i like not succeeding i like beefing i like
bleeding i like startin fights for no reason
bad temper no patience shit on ya floor
stick ya face in it make you lick the raisins

everybody on this hip hop dick makes me sick
seein' chicks like mariah doin' hip hop shit
i dont care if they think im sexist i dont care
if i talk about the same shit on every record
and with this gimmicky pop rappin the way that P diddy
and will smith be gettin jiggy
i'd rather not take showers and smell shitty
born to be poor we born poor we die poor
i rhyme for the low down scummy
i rhyme for the true hoodrats that aint ashamed to look bummy
understand that, where ya man at we blow ya head
backwards we linda blair that we rugged man that
you better watch out, dont talk that you fake that
fakeness take that with ya platinum plaques

(Chorus)

proud to be poor
proud to be what proud to be who
poor people poor people poor people poor people
proud to be poor
proud to be what proud to be who
poor people poor people poor poor poor people

if you got no place to live, if you aint got no job, if you anit got no dough (lemme hear you say)
im broke as fuck (im broke as fuck) im broke as fuck (im broke as fuck)
if you a piece of shit and you proud, and ya whole squad aint worth shit
and you aint got shit (lemme hear you say)
im broke as fuck (im broke as fuck) im broke as fuck (im broke as fuck)

(Chorus)

proud to be poor
proud to be what proud to be who
poor people poor people poor people poor people
proud to be poor
proud to be what proud to be who
