

# Searchlights

## Salvage

It's like a breath before the dive  
It's like the truth after a lie  
This flight is taking over  
Searchlights in every corner  
Like I love you when you're gone  
Escaping in the dawn  
I swear we'll flood your city  
No choice it's what you're getting  
If you want to breathe will you just, let me know  
If you want it then you'll see it, let me know  
Wash away the tears will you just, let me know  
Need to see it then you'll want it, let me know  
The secrets in the wind  
The rumors now begin  
You want to hear the silence  
You want the quiet sirens  
His blood is like the break  
The love you will not take  
I swear we'll flood your city  
No choice it's what you're getting  
If you want to breathe will you just, let me know  
If you want it then you'll see it, let me know  
Wash away the tears will you just, let me know  
Need to see it then you'll want it, let me know  
No one can breathe, no one can see  
They are asleep, they will be seen  
Breakaway the voice is calling  
Wake up you're asleep and falling  
Not too late to open up your heart  
He will heal the shattered hopes  
And fly away the broken souls  
It's not too late to find out who you are  
If you want to breathe will you just, let me know  
If you want it then you'll see it, let me know  
Wash away the tears will you just, let me know  
Need to see it then you'll want it, let me know
