

Life Of Pain

Anodyne

Look what you've done to your arms
I Know you don't care who you harm
I know you've never been the girl next door
But now you're worse than before
Self destruct
Self destructLife's miseries pain runs deep
Does it matter if anybody cares?
Can't there be another outlet?
Nobody gets close, nobody dares
Self destruct
Self destructI can understand your problems
And I can even figure out the reasons why
But I can't help what I feel
And I can't accept what I see
And I just can't stand watching you
Self destruct
Self destructYour digging your own grave
And your taking my feelings with youThere's got to be a way to get out
