Laugh Till You Cry

Faydee

[Verse 1]
Before I start just let me say
you make the baddest bitch look good any day
I won't forget the day you rescued me
the day your true colours came out to play
did anybody tell you
you look better with your makeup on
did anybody tell you
you don't matter to me anymore
I was your joke
you were my heart
you played me well like a deck of cards
I see the tears run down your face
what you think my mind is gonna change
and I'm like...
[Chorus]
no no no no no no no
you're gonna have to let this go
didn't wanna say I told you so oh oh
but someone had to let you know
and if you think your tears are gonna change my mind
I'm not gonna waste your time
I'll remind you
what I told you
you'd be laughing until you cry
I told ya
you'd be la -a -aughing till you cry cry back to me
you'd be la -a -aughing till you cry cry back to me
[Verse 2]
before you go let me explain
with you I lost way more than I ever gained
and now you're crying back to me what a shame
you had the best and now the worst has come your way
did anybody tell you
you look better with your makeup on
did anybody tell you
you don't matter to me anymore
I was your joke
you were my heart

you played me well like a deck of cards
I see the tears run down your face
what you think my mind is gonna change
and I'm like...
[Chorus]
no no no no no no no
you're gonna have to let this go
didn't wanna say I told you so oh oh
but someone had to let you know
and if you think your tears are gonna change my mind
I'm not gonna waste your time
I'll remind you
what I told you
you'd be laughing until you cry
I told ya
you'd be la -a -aughing till you cry cry back to me
you'd be la -a -aughing till you cry cry back to me
[Verse 3]
if you think I'd take you back you must be dreamin'
(your dreamin')
if you think I'd understand i've got no reason
(no reason)
and if you think that this ain't fair take what your given
I knew there would be a time you would cry back to me
[Lazy J]
I hope you had a good time baby girl we finito,
you done crossed the line so I aint countin free throws,
you brought out the best in me,
its all in this verse,
so I'm addin up the recipe cos bitches gotta eat too,
how you feelin like a million bucks,
wait, you used to feel it when I beat it up,
but now others gon tell me how it feel,
they be standin in a line & they know I know the deal,
real man on the tracks cos I tell it how it is,
whole past was a game,
so familiar with the tricks,
yeah you knew em all,
I was blind deaf or dumb not to see that,
you must've had a stash where you hid all your cheats at,
think you can play me,
baby girl you're crazy,
I was in the studio with Divy & Faydee,
so I had to put it down it's gotta tear you apart,
that you knew I had a dozen other bitches from the start (wassup)

[Chorus]
no no no no no no no
you're gonna have to let this go
didn't wanna say I told you so oh oh
but someone had to let you know
and if you think your tears are gonna change my mind
I'm not gonna waste your time
I'll remind you
what I told you
you'd be laughing until you cry
I told ya
you'd be la -a -aughing till you cry cry back to me
you'd be la -a -aughing till you cry cry back to me
