

On With You

[John Hiatt](#)

Twenty years and were still on the beat
Stretchin out and goin for it
I dont know if these ends will ever meet
Thing with love is you cant store it Even when I was dead inside
You saw somethin to remind you
Of the man I was tryin to hide
The man who needed just to find you I just wanna go on with you
All the joy and pain and beauty too
Somethin in your eyes so rare and true
I just wanna go on with you my baby Thats when you knew I couldnt trust anyone
Thats when you knew I couldnt trust myself
You said, What good is trust without a smokin gun?
If you cant risk betrayal it just sits on a shelf" Thats when I knew I was in love with you
Thats when the walls started comin down
Thats when I reached out of the darkest blue
And you were there to bring me back around I just wanna go on with you
All the joy and pain and beauty too
Somethin in your eyes so rare and true
I just wanna go on with you baby I just wanna go on with you
I just, I just wanna, I just wanna go
I just wanna go, I just wanna go on with you
That I, that I just wanna, I just wanna go
I just wanna go, I just wanna go on with you baby Its like livin in a dream
Or wakin up in the middle of a scream
And realizin that youre not alone
Or anyway the boogie man went home I just wanna go on with you
All the joy and pain and beauty too
Somethin in your eyes so rare and true
I just wanna go on with you baby I just wanna go on
I just wanna go on with you
I just wanna go on
I just wanna, I just wanna baby
