Mean To Me

Sell Crazy

Gotta scream at the top of yer lungs
Just to get out what you want ?em to hear
Don?t ya know where I?m comin? from?
Black Cat livin? across the way
Got more in him then we could ever say
Don?t ya know where I?m comin? from?
You don?t know what you mean
You don?t know what you mean
You don?t know what you mean, mean to me

Don?t regret bein? the ragged kid
Don?t regret anything I ever did
?Cause I always knew where I?s comin? from
My deepest cut came from out in L.A.
Tried to take all my friends away
Don?t ya know where I?m coming from?
You don?t know what you mean
You don?t know what you mean
You don?t know what you mean, mean to me
