

The End of the Day

Savanna Dawn

La-da-da-da-da dum
La-da-da-da-da dum
La-da-da-da-da-da-da-da-da-da-da-da

Tigers will always fight
After day will always come night
After night will once again come light

You will yawn when you are tired
In the heat you will perspire
Living will someday expire

Onions will make you cry
Life will make you die
Only faith can make you fly

Snow will make you cold
Warmth will bring mold
To seldom found is gold

Youth you will outgrow
Hate will come to know
So let your love show

Sun will raise the flower
Years will turn to hours
And we will all lose our powers

I can not stay
I must get away
I will be gone by the end of the day

We'll take the apple with delight
We'll always take a bite
And again we will be contrite

When you sleep you will dream
Boiling water will steam
When you're scared you will scream

You may not want to cry
And you may not want to die
But crying and dying are being alone

I may not want the night
But that I can not fight
It's hard to have faith for flight

I can not stay
I must get away
I will be gone by the end of the day
