We are not the same I am a martian

And I'm hotter than Summer Rain like Carl Thomas

Lock load ready to aim at any target

I can get your brains for a bargain

Like I bought it from Target

Hip hop is my supermarket

Shopping cart full of fake hip hop artists

I'm starving, soaring, I gotta eat early

And I be back in the morningPhone home

We are not the same I am an alien
Like Gonzalez, young college student
Who done just flipped the game like Houston
I'm use to Promethazine and two cups, I'm screwed up
And ya ain't shit if you ain't never been screwed up
Flow so sick make you wanna throw ya food up
Ice water chest and my wrist like a pool cup
Two twin clippers I give your ass a crew cut
I get bread like cold cuts, you know what?
Ya girl go down fast come up slow
But I never slow up, Weezy!Phone home

WeezyThey don't make 'em like me no more
Matter fact they never made it like me before

I'm rare like Mr. Clean with hair

No brake lights on my car rear

I never had lice and I never had fear

I rap like I done died and gone to heaven I swear

And yeah I'mma bear, like black and white hair, so I'm polar

And they can't get on my system cause my system is the Solar

I am so far from the othars, I meant others

I just eat them for supper, get in my spaceship and hover, hoverPhone home
