Have Some Fun

Avant

All my girls, all my thugs
In the club, have some fun
All around, just put it down
Right now an' have some fun
Tomorrow ain't promised at all
So you know that you gotta have some fun
So go head an' ball 'til you fall
'Cause you know that you gotta have some fun
Girl, you gotta turn this up, bump this in yo' truck
Your Jeep or your Benz or your car
Car stereo, bang your radio
Gon' play this from coast to coast
Fellas, I'm a keep it real
I know it's hard as hell out here but stay strong
Get that paper mane, do yo damn thang
Everybody, let's have some fun
All my girls, all my thugs
In the club, have some fun
All around, just put it down
Right now an' have some fun
Tomorrow ain't promised at all
So you know that you gotta have some fun
So go head an' ball 'til you fall
'Cause you know that you gotta have some fun
Dirty South, lemme see you bounce
East Coast, lemme see you shake
West Coast, lemme see you walk
An' let's all just have some fun
Girl, go to the shop, get your hair did
Get your nails an' your toes right
Then call all your girls, tell 'em meet you there
'Cause you goin' out tonight
Ride out to the mall, get what you want
Spend your money, you worked hard
An' don't forget to tell the DJ, play your song
'Cause you came to have fun

All my girls, all my thugs
In the club, have some fun

All around, just put it down
Right now an' have some fun
Tomorrow ain't promised at all
So you know that you gotta have some fun
So go head an' ball 'til you fall
'Cause you know that you gotta have some fun
Dirty South, lemme see you bounce
East Coast, lemme see you shake
West Coast, lemme see you walk
An' let's all just have some fun
All my girls keep yo head up
Neva mind what you heard
All my fellas on the corner
Get money an' keep it real
Life is too short not to live it
So live everyday like it's your last
You really don't wanna miss it
An' look back an' wish you had
All my girls, all my thugs
In the club, have some fun
All around, just put it down
Right now an' have some fun
Tomorrow ain't promised at all
So you know that you gotta have some fun
So go head an' ball 'til you fall
'Cause you know that you gotta have some fun
All my girls, all my thugs
In the club, have some fun
All around, just put it down
Right now an' have some fun
Tomorrow ain't promised at all
So you know that you gotta have some fun
So go head an' ball 'til you fall
'Cause you know that you gotta have some fun
