Bridge To Nowhere

Sam Roberts

Another day breaks and the last one's gone
You dig deep just to carry on
Your debt's paid off but it don't feel gone
So you slip out the back and you're moving onI can never figure out how to make a case
That this don't amount to a fall from grace
She wants to know can I replace
This tired wool with satin laceShe says you're on a bridge to nowhere and you're gettin' there fast
Put it in the past, put it in the past
If this is a race then I hope you come last
You're on a bridge to nowhere and you're gettin' there fastPressure builds till it breaks the dome
You can build a house you can't build a home
And it's a fool who believes love is bred in the bone
And there're no guarantees that you won't get stoned
Yeah, I'm a fool who believed love is bred in the bone
And there're no guarantees that I won't get stonedSays you're on a bridge to nowhere and you're gettin' there fast
Put it in the past, put it in the past
If this is a race then I hope you come last
You're on a bridge to nowhere and you're gettin' there fastI don't know where it leads, oh no
All I know is that I don't wanna breathe this chemical breeze no moreSo another day breaks and the last one's gone
You dig deep just to carry on
Your debt's paid off but it don't feel gone
So you slip out the back and you're moving onSays you're on a bridge to nowhere and you're gettin' there fast
Put it in the past, put it in the past
If this is a race then I hope you come last
You're on a bridge to nowhere and you're gettin' there fast
