

4 Pockets

Sawyer Fredericks

And I'm startin' to feel like
Life's not really workin' out
For me, for meSo I'm driftin', driftin' through the fields
And the sun, the sun's just come down
Hear this howlin', howlin' all around me
And I know this is not where I want to beFeel this hurt in my heart
This fear is crushing me
I need to get out
But I'm trapped beneath its feetSo I'm sinkin', sinkin' to the bottom of the sea
I'll be sleepin', sleepin' while you are awake
'Cause I'll be dreamin', dreamin', just sleepin'
'Cause I'll be sleepin', sleepin', just dreamin'Sleepin', sleepin'
Only sleepin' in my graveLet me know when you know
Let me know when you know
Let me know when you know
Let me know when you knowThat I'm gone.
Mmmmm....'Cause I got four pockets and they're full of rocks
And I'm goin' up and down the hills
'Cause I got four pockets and they're full of rocks
And I'm movin' towards the sea
Movin' towards the sea'Cause I got four pockets and they're full of rocks
And I'm goin' up and down the hills
'Cause I got four pockets and they're full of rocks
And I'm movin' towards the sea
Movin' towards the seaLet me know when you know
Let me know whom you know
Let me know when you know
Let me know when you knowThat I'm gone
That I'm gone
That I'm gone
