

# Elimination

**OFF!**

out, our constitution  
We make the rules to fit themselves  
Elimination, built is all  
But it to militation  
Eliminate,  
Are the colors on your sleeves  
Take a bounce something  
Modern souls show us dreams  
Moneys all you need  
Think again and before you go to trench  
Theres a pay for every son of a bitch  
Elimination!
