Enough

Default

I don't know what you've been told
I'm hopin' you don't know
Your ears are ringing inside
Think I've got something to hideYou give up
It's too much
You feel loved
It passes timeFeels like my soul has been sold
Each day another year old
Fought in the trenches up front
Mind not the body the bruntYou give up
It's too much
I've had enough
You feel lovedIt passes time
Stop the line
It got too rough
I've fed enoughYou give up
It's too much
I've had enough
You feel lovedIt's too much
I've had enough
