

# Enough

## Default

I don't know what you've been told  
I'm hopin' you don't know  
Your ears are ringing inside  
Think I've got something to hide You give up  
It's too much  
You feel loved  
It passes time Feels like my soul has been sold  
Each day another year old  
Fought in the trenches up front  
Mind not the body the brunt You give up  
It's too much  
I've had enough  
You feel loved It passes time  
Stop the line  
It got too rough  
I've fed enough You give up  
It's too much  
I've had enough  
You feel loved It's too much  
I've had enough
