

Last Time (Feat. Troy Taylor & Wyldcard)

Trey Songz

Songbook baby,
I like to thank Mr. Bryan Michael Cox, for helping me illustrate my feelings.

It's just gettin' to hot baby, it' gettin' to hot.

This is the last time, the last chapter now

I mean for real, this has gotta be the last time

It's gon' be the best though, I promise

Just one last timeCause if she catch me witchu

She gon' kill us

These hotel rooms

Is looking to familiar

Your love is so, so serious

Girl you keep me comin' back that is

I be with her thinkin' of you

I be with you thinkin' of her

My boo

She just don't deserve this

Ain't nobody perfect

But I just can't take no more

CauseI'm livin' two different lives

One girl in the day

You in the night

And even though this ain't right

I just can't get enough

Of the way you put it down

You really got me trippin'

Hold up baby girl

Don't talk just listen[Chorus]

Let's just make love

Girl for the last time

Yep I said the last time

Girl this is the last time

I'm all caught up and it's time

To put it down

You really got me trippin'

Hold up baby girl just listen

This is the last timeSee the problem is

I'm too deep involved

To be playin' with yo emotions

You really got me open, ooh

I gotta figure it out
Can't let no pussy come before my baby
Not my baby no
Cause she's the only one to ease my mind
But girl you just so fine, ooh
Give it to me one last time
Baby let your hair down
Take it to the bed now
Spread them lovely legs now
One last round I'm livin' two different lives
One girl in the day
You in the night
And even though this ain't right
I just can't get enough
Of the way you put it down
You really got me trippin'
Hold up baby girl
Don't talk just listen [Chorus] Let me see you take off ya clothes
For the last time
Let's keep this thang on the low
For the last time
Tell me how you wanna get it (get it)
I know ya favorite is the kitchen (kitchen)
From the way I used to kiss it (wooh)
Girl I know you're gonna miss it
But there's only one condition
Baby please don't fuss
Don't be trippin', keep it pimpin'
Baby girl let's just make love
I'm livin' two different lives I'm livin' two different lives
One girl in the day
You in the night
And even though this ain't right
I just can't get enough
Of the way you put it down
You really got me trippin'
Hold up baby girl
Don't talk just listen
Let's just make love [Chorus] I'm livin' two different lives
One girl in the day
You in the night
And even though this ain't right
I just can't get enough
Of the way you put it down
You got me trippin'

Hold up baby girl
Don't talk just listen
Let's just make love[Chorus]
