

Emptiness Inside

My Bloody Valentine

See the emptiness inside
Bad thoughts I can't ever hide
Oh, something's gonna be done
Look out, look out This shit, your stupid deeds done
Have reasons, yeah, I've got some
Oh, your pain will be my fun
Look out, look out So, it ends up all the same
Well I still know your name
Oh, won't hear no sound
Look out, look out I'm coming around
