Naturally your entrance is grand
Red carpet rolls out on the side they stand
Worshipping you like a goddess (like a goddess)
Somehow, you've remained modest
Flashbulbs pop, paparazzi goes wild
With amazing grace you walk and smile
They answer to your beck and call
You're flawless
After all overqualified for the position
Your dreams see fruition
Mere class on a higher plane
Everyone wants to know your nameJust like perfection
Needs no correction
Like no other
Absolutely
Just like perfection
Needs no correction
Like no other
Absolutely flawless
Flawless

Like no other, flawlessJust like perfection

Absolutely flawlessJust like perfection
