

In the Face of Absolution

Ignominious Incarceration

For a hundred centuries he has sat upon his throne
The lord of all mankind only answerable to the gods

This has gone on for far too long the foes of the righteous will be coindemned

Now is the time for us to overthrow this oppression
And we will stare in the face of absolution

Damned dictator, conqueror of creation the shells of once honourable men
Now follow his every whim the streets are filled with manufactured disgraces
Manipulated into drones with no faces.

The foes of the righteous will be condemned

Now is the time for us to overthrow this oppression the foes of the righteous will be condemned
Now is the time for us to overthrow this oppression and we will stare in the face of absolution

You will find little comfort or hope where its everyman for himself
In the era of the eternal war you will not be missed

Now we have one thing to do upon this earth with nothing to live for nothing to lose
We'll purge the world clean of all enemies and wash it clean with their blood.
