Winter Is Coming Again

Cressida

In winter will you come to me
And bring with you the sun to me
In winter will you come
And bring for everyone to seeWinter comes again
Time to think of when you'll send your love to me
Summer is so cold for you
Dress yourselves in leaves of red and blue
In leaves of blueIn summer will you grow for me
The thoughts that now belong to me
In summer you will find
Someone who needs you more than meWinter comes again
Time to think of when you'll send your love to me
You're gonna send you love
Summer is so cold for you
Dress yourselves in leaves of red and blue
In leaves of blue
