Every Reason

Sense Field

You give me every reason to be happy
You give me every reason to want to try
You give me every reason to want to live
You know me better than I do[Chorus]
Baby I feel blessed
Now I can die happy
Now I can live happily
Baby I feel blessedYou give me every reason to be thankful
You give me every reason not to doubt
You give me every reason to want to live
You know me better than I do[Chorus]Baby I have faith
You know me better than I do[Chorus]We can overcome the world
We can overcome the world
We can overcome the worldYou give me every reason to believe in you
You give me every reason to want to try
You know me better than I doBaby I feel blessed
Now I can die happy
Now I can live happily
Baby I feel safe
You know me better than I do
Baby I feel blessed
Now I can die happy
Now I can live happily
Baby I feel blessed
