

Every Reason

Sense Field

You give me every reason to be happy
You give me every reason to want to try
You give me every reason to want to live
You know me better than I do[Chorus]
 Baby I feel blessed
 Now I can die happy
 Now I can live happily
Baby I feel blessedYou give me every reason to be thankful
 You give me every reason not to doubt
 You give me every reason to want to live
 You know me better than I do[Chorus]Baby I have faith
You know me better than I do[Chorus]We can overcome the world
 We can overcome the world
We can overcome the worldYou give me every reason to believe in you
 You give me every reason to want to try
 You know me better than I doBaby I feel blessed
 Now I can die happy
 Now I can live happily
 Baby I feel safe
 You know me better than I do
 Baby I feel blessed
 Now I can die happy
 Now I can live happily
 Baby I feel blessed
