Don't Stop the Rock (Ultimix Remix)

Freestyle

There's a party in the house and we'll be rockin' tonight
So bring your body with you baby and I'll make you feel right
It's a freaky celebration of a natural kind
And the pleasure you'll experience will blow your mindFreestyle's kickin' in the house tonight
Move your body from left to right
To all you freaks, don't stop the rock
That's freestyle speakin' and you know I'm rightFreestyle's kickin' in the house tonight
Move your body from left to right
To all you freaks, don't stop the rock
That's freestyle speakin' and you know I'm rightEverybody will be dancing to the beat on the floor
You will encounter situations never thought of before
Satisfaction's guaranteed if you know what I mean
And when you walk into the door its such a freaky sceneFreestyle's kickin' in the house tonight
Move your body from left to right
To all you freaks, don't stop the rock
That's freestyle speakin' and you know I'm rightAll you ladies interested in the words I speak
We will be rockin' like this every night of the week
And all you fellows tell the ladies "Don't Stop the Rock"
Because you know that we'll be jammin' all around the clockI went to a party and what did I see
The girls were wearing leather skirts and see through jeans
I asked the deejay to tell me what was going on
He said Freestyle's having a Freak-A-ThonFreestyle's kickin' in the house tonight
Move your body from left to right
To all you freaks, don't stop the rock
A Freak-A-ThonFreestyle's kickin' in the house tonight
Move your body from left to right
To all you freaks, don't stop the rock
A Freak-A-ThonThere's a party in the house and we'll be rockin' tonight
