

# Don't Stop the Rock (Ultimix Remix)

## Freestyle

There's a party in the house and we'll be rockin' tonight  
So bring your body with you baby and I'll make you feel right  
It's a freaky celebration of a natural kind  
And the pleasure you'll experience will blow your mind  
Freestyle's kickin' in the house tonight  
Move your body from left to right  
To all you freaks, don't stop the rock  
That's freestyle speakin' and you know I'm right  
Freestyle's kickin' in the house tonight  
Move your body from left to right  
To all you freaks, don't stop the rock  
That's freestyle speakin' and you know I'm right  
Everybody will be dancing to the beat on the floor  
You will encounter situations never thought of before  
Satisfaction's guaranteed if you know what I mean  
And when you walk into the door its such a freaky scene  
Freestyle's kickin' in the house tonight  
Move your body from left to right  
To all you freaks, don't stop the rock  
That's freestyle speakin' and you know I'm right  
All you ladies interested in the words I speak  
We will be rockin' like this every night of the week  
And all you fellows tell the ladies "Don't Stop the Rock"  
Because you know that we'll be jammin' all around the clock  
I went to a party and what did I see  
The girls were wearing leather skirts and see through jeans  
I asked the deejay to tell me what was going on  
He said Freestyle's having a Freak-A-Thon  
Freestyle's kickin' in the house tonight  
Move your body from left to right  
To all you freaks, don't stop the rock  
A Freak-A-Thon  
Freestyle's kickin' in the house tonight  
Move your body from left to right  
To all you freaks, don't stop the rock  
A Freak-A-Thon  
There's a party in the house and we'll be rockin' tonight  
So bring your body with you baby and I'll make you feel right  
It's a freaky celebration of a natural kind  
And the pleasure you'll experience will blow your mind  
Freestyle's kickin' in the house tonight  
Move your body from left to right  
To all you freaks, don't stop the rock  
Will blow your mind  
Freestyle's kickin' in the house tonight  
Move your body from left to right  
And the pleasure you experience will blow your mind  
Freestyle's kickin' in the house tonight  
Move your body from left to right  
To all you freaks, don't stop the rock  
That's freestyle speakin' and you know I'm right  
Freestyle's kickin' in the house tonight

Move your body from left to right  
To all you freaks, don't stop the rock  
That's freestyle speakin' and you know I'm right
