

Love Won't Let You Get Away

Seth MacFarlane

We quarreled and we spat
From morning until night
We used to think it funny
But now it isn't quite
The Laughs it was before
So if you'll open the door
I'll bother you no more
My little chick-a-dee
You may say that you're through with me
You'll have no more to do with me
You're all through with me
And good day
But you'll find that love won't let you get away
I'll find an area, more remote than Bavaria
I'll still get in the hair of you, in Bavaria, or Bombay
And you'll find that Love won't let you get away
It's finny and done with
Who will have fun with
You're no laughs to be with
Who you'll watch TV with?
You're no one to pine for
Who you'll pour the wine for?
This is too-da-loo, we're through
Just leave no trace at all
Hide your heart any place at all
I won't miss your embrace at all
Or that face at all
Come what may
Darling, girl, I hope this won't upset ya
But I'd like to bet ya, love won't let ya get away
Darling, you astound me
Put your arms around me
But we're through completely
But you kiss so sweetly
Must you always flatter?
Must you always chatter at times like this?
Let's kiss.
Well, here we go again
Caught in love's undertow again

Latching on to that glow again
Here we go again, hip-hooray
Let the cynics laugh and try to bet us
Their doubts won't upset us
Love won't let us get away
Love. Won't. Let us. Get away.
