

# Young

## The Summer Set

you and I are young  
what makes it wrong  
for us to fall in love  
neither way  
we'll never change  
we'll talk and touch the day away.

Now would you  
hold me if I was  
crazy girl i'm going crazy for  
i'm crazy for you.  
lets waste the way together  
we can stay this way forever!

Because we're never gonna be as young as we are tonight.  
we'll let the world know we're alive!  
we're here to chase the flashing lights!  
just wait and see,  
That there's no need to complicate it!  
This will be a year to take it!  
lets waste away together!  
We can stay this way for ever!

Because we're never gonna be as young and we are tonight!  
(yeah)let the world know we're alive!  
we're here to chase the flashing lights!  
just wait and see!  
that there's no need to complicate it!  
This will be a year to take it!  
we're never gonna be as young as we are tonight!

It lights away you throw away the keys,  
forget you got to walk with me,  
either way we'll always find a way to see the final thing.

Now would you hold me if I was crazy?!!  
girl i'm going crazy for i'm crazy for you!  
lets waste away together!  
we can stay this way forever!

Because we're never gonna be as young as we are tonight!  
let the world know we're alive!  
we're here to chase the flashing lights!  
just wait and see,  
That there's no need to complicate it!  
This will be a year to take it!  
we're never gonna be as young as we are tonight!

If i'm romeo and your juliet!  
as long as i'm breathing i'll love you to death!  
Forget all your friends we're nothing to them!  
I swear!  
i'll do anything that you want me to!  
They tell me i'm crazy for falling for you!  
we'll say what we are  
they know how we do!

Because we're never gonna be as young as we are tonight!  
let the world know we're alive!  
we're here to chase the flashing lights!  
just wait and see,  
That there's no need to complicate it!  
this will be a year to take it!  
we're never gonna be as young as we are tonight!

we're never gonna be as young as we are tonight!  
let the world know we're alive!  
we're here to chase the flashing lights!  
just wait and see,  
That there's no need to complicate it!  
this will be a year to take it!  
we're never gonna be as young as we are tonight!
