

It's Been Hurting All The Way With You Joanna

Moneybrother

Câ'mon in, I got second thoughts
This evening, is just made for us
Lights are low
Tensionâ's gone
I think itâ's time
We just get it on

Câ'mon in, I got second thoughts
Tired of whining, I know it will work for us

Itâ's been hurting all the way with you Joanna
Weâ've been through all this before. Jo, I canâ't take this no more
Itâ's been hurting all the way with you Joanna
Weâ've been arguing and were stuck. Now were stranded out of luck
I know that weâ're supposed to have all these problems, right?
But tell me what is the point in sorting them out tonight?

I donâ't want it this way, and neither do you
No more talk tonight, we donâ't need it
Canâ't you see it really hurts

Things donâ't change but baby I have
Câ'mon baby now letâ's fuck
Maybe I just ainâ't the one and baby, yes you should get going
But tonight
Letâ's just get it on
