

You Have Me

Gungor

Out on the farthest edge
There in the silence
You were thereMy faith was torn to shreds
Heart in the balance
And You were thereAlways faithful, always good
You still have me
You still have my heartI thought I had seen the end
Everything broken
But You were thereI've wandered at heaven's gates
I've made my bed in hell
You were there stillAlways faithful, always good
You still have me
You still have my heartYou have me, You have me
You have my heart completely
You have me, You have me
You have my heart completelyYou have me, You have me
You have my heart completely
You have me, You have me
You have my heartYou have me, You have me
You have my heart completely
You have me, You have me
You have my heart completely
