

# Long Road

## Gun

When words they mean nothing  
And everything you say is wrong  
    You tell me your happy  
    Turn around and I'll be gone  
    You think about leaving  
    Leaving when the going's good  
    You think about heaven  
And everything it means to you  
And I gave you hope  
    And I showed you life  
    Now you search for love  
    In this world tonight  
        And you run  
        And you hide  
        There's a fire  
    In your eyes  
    And I say life  
        Is like a long road  
        With open arms  
We walk this long road  
Precious little angel  
    Promises are made  
    The door is lying open  
Here I go again  
And I gave you hope  
    And I gave you love  
    Now the change has come  
    Are you strong enough  
        And you run  
        And you hide  
        There's a fire  
        In your eyes  
And I say life (Angel)  
Is like a long road  
    With open arms (Angel)  
We walk this long road  
Bring me shelter  
    Bring me truth  
    You can turn it all around  
    Break this silence  
    Break this pain  
    Help me turn it all around  
Am I talking to myself  
And I wait  
    Night and day  
    I've seen love

Turn to hate  
Nothing's changed  
Looking back  
Is it so wrong to want what we can never haveI say life (Angel)  
Is like a long road  
To reach so high (Angel)  
We bow down so lowPrecious little Angel  
Promises are made  
The door is lying open  
Here I go again, again, againI say life (Angel)  
And I say life (Angel)  
And I say life (Angel)  
Is like a long road  
And I say life (Angel)  
Is like a long road
