

# This Summer

## Smiling Horse

On a beautiful morning  
With my sweet Serina  
She was giving me something  
I should really need  
She held me closer  
And toke me with her  
She told me  
Baby you should married me

Thereâ€™s got to be sunlight.  
There has to be water  
No misty rain clouds for to day  
And I will love you all around babe  
Until this summer has come to an end

Thereâ€™s got to be sunlight.  
There has to be water  
No misty rain clouds for to day  
I will love you all around babe  
Until this summer has come to an end

Solo  
Baby you should married me

On a beautiful morning  
With my sweet Serina  
She was giving me something  
I should really need  
And she held me closer  
And toke me with her  
She told me,  
Baby you should married me

Thereâ€™s got to be sunlight  
There has to be water  
No misty rain clouds for to day  
And I will love you all around babe  
Until this summer has come to an end

My dark sweet angel

My sweet sweet lover  
Just lying near me  
And holding me tight.  
You wane love me  
You got to hold me  
Until this summer has come to an end.

Thereâ€™s got to be sunlight.  
There has to be water  
No misty rain clouds for to day  
And I will love you all around babe  
Until this summer has come to an end.
