

Funk You

Right Said Fred

Girlfriend hey how you doing
The night is still young
but something is brewing
Girlfriend fancy a lager
Or would you prefer a pina colada
Girlfriend I don't want to be your boyfriend
I don't need another best friend
All I want to do is
All I want to do is
Funk you Girlfriend don't be upset now
I'm out on the pull
you're the first girl I've met now
Girlfriend don't be offended
No harm is done and no harm intended Girlfriend I don't want to be your boyfriend
I don't need another best friend
All I want to do is
All I want to do is
Funk you Girlfriend don't be a dreamer
Your head is a mess but I ain't your cleaner
Girlfriend cut to the chase now
Look in my face is it back to my place now Girlfriend I don't want to be your boyfriend
I don't need another best friend
All I want to do is
All I want to do is
Funk you Girlfriend I don't want to be your boyfriend
I don't need another best friend
All I want to do is
All I want to do is
Funk you
